**OWNER'S MANUAL**

**SUPER  
S L E A D P  
LEXI**

By reading this manual you will deeply know the device you bought and will have the chance to fully experience its potential. Our sets are handmade. This is why you could find some sound and structural differences. This testifies the handmade making of the product.

*Finest Italian handmade*

**SUPER LEAD PLEXI** is an open sounding Overdrive/Distortion pedal.

It differs from other similar overdrives because of a wider dynamic range: picking soft or picking hard will actually yield a more natural and wider range of distortion, without too much compression, common of traditional diode-clipped overdrives.

**SUPER LEAD PLEXI** creates complex overtones without changing the inherent sound characteristic of whatever amp and guitar you're playing through.

**SUPER LEAD PLEXI** accomplishes its tube-like distortion through the unusual combination of overdriving its JFET opamp, and no hard-clipping diodes later on in the circuit. Because of its large amount of available output volume, **SUPER LEAD PLEXI** works great as a booster in front of amps. It gives you the feeling that your amp is cranked at even living room volume.

**SUPER LEAD PLEXI** is designed around a Class-A wired JFET and an innovative power supply that doubles internally the 9Vdc supply. These solutions combine high dynamic and rich overtones.

The input works nicely with all types of pickups, isolating the input from everything coming before the **SUPER LEAD PLEXI** in your signal chain, and giving the pedal more touch-sensitivity than any other pedal with transistor input buffer.

Buffered output completely isolates the the pedal from the influence of everything following it in the signal chain and allows much more sustain, even at low distortion settings.

## SPECIFICATIONS

*Nominal Input Level: -20 dBu*

*Input Impedance: 1 M $\Omega$*

*Nominal Output Level: -20 dBu*

*Output Impedance: 1 K $\Omega$*

*Recommended Load Impedance: 10 k $\Omega$  o maggiore*

### **Controls:**

*ON/OFF Switch*

*HOTROD Switch*

*PRESENCE Switch*

*VOLUME Pot*

*BASS Pot*

*MIDDLE Pot*

*TREBLE Pot*

*GAIN Pot*

### **Connectors:**

*INPUT & OUTPUT (MONO)*

*AC adaptor (DC 9V)*

**Power Supply:** DC 9V / 9mA

**DO NOT EXCEED INDICATED VOLTAGE, POWER CIRCUIT WILL BE DAMAGED!**

**Size:** 100 (W) x 100 (D) x 40 (H) mm **Weight:** 250 g

**Accessories:** Owner's Manual, Soft Bag, Rubber Feet

# CONTROLS

## IMPORTANT INFO

### **WARNING!!**

**Before any kind of cleaning/maintenance operation, disconnect the appliance from the electric power supply.**

### **IMPORTANT INFO**

- Check that power supply electricity in use is the one indicated on the sticker on the rear panel of the appliance;
- The appliance must be earthed in conformity to the national provisions in force;
- Do not throw water jets directly on the appliance;
- Do not use water steams to clean the appliance;
- Do not use solvents to clean the appliance, especially on serigraphy;
- The manufacturer declines all responsibility for any kind of damage to persons, things and/or animals resulting from a wrong use of the appliance;
- The appliance conformity is proved by CE symbol on the rear side;
- The manufacturer reserves the right to make any useful and essential change to the products without compromise the main safety and working features;
- Do not use the appliance barefoot;
- Do not touch the appliance with wet or moist hands or feet;
- Do not leave the appliance exposed to sun, rain, humidity ecc..
- Do not allow children or incompetents to use the appliance;
- Do not leave inflammable materials near the appliance;
- The appliance repair may be done during the warranty period only by the manufacturer in our laboratory, or by authorized staff, in conformity to the national provisions in force;
- Control periodically all cables supplied with the appliance, if they result damaged, you have to replace them immediately with another one with the same characteristics;
- In case of damage contact the shop where you bought the appliance.

Please, fill out the warranty form you find on
